### A Note from Jo...

Thank you so much for downloading this pattern. I'm Jo (with Jo to the World Creations) and I'm dedicated to helping you give the gift of crochet!

I hope you enjoy creating this pattern. I'd love to hear from you and see what you made! Please [contact me](#) anytime with questions, feedback or to share pics!

This pattern is written for right-handed crochet using standard US terminology. If you're more familiar with UK terms, here's my [US to UK Conversion Chart](#).

### Abbreviations

ch = chain  
st = stitch  
sts = stitches

sl st = slip stitch  
sc = single crochet  
dc = double crochet

### Adjusting the Size

You can adjust the width of the dishcloth by making less or more starting chains. You will be crocheting in the 3rd chain from the hook so add 2 to the number of stitches you would like across. (For example, the pattern has 20 stitches across and begins with 22 starting chains). To adjust the height, make fewer or more rows.

### Changing Colors

The pattern does not include directions for where to change colors because there are so many possibilities. You can make the dishcloth in one solid color or use any number of colors.

Change colors after finishing a row by placing the new color on your hook and pulling the new color through the loop of your current color. Fasten off the old color. With your new color, ch 1 and begin the next row.

Dishcloth made with one solid color

Dishcloth made with two colors. I used grey for the Chain Row and Rows 1, 3, 5, 7, 9 & 11 and red for Rows 2, 4, 6, 8, 10 & the border.

You can also use ombre or variegated yarn to include different colors without having to weave in all the different ends! Yarn used in photo: Bernat Handicrafter Cotton Yarn, Ombres in the color "Faded Denim."

### Pattern Notes

- The pattern is worked from the bottom up.
- Always work into the 1st st (the st attached to the chain).
- Chains never count as stitches.
